Tra Su	An Giang	3	0	1	0
Vo Doi	Ca Mau	2	0	4	0
Xuan Lien	Thanh Hoa	3	1	37	0

Notes: this appendix includes all sites for which recent, reliable ornithological data were available that meet the IBA criteria but were not included in the directory. All category A1, A2 and A3 species at these sites occur at three or more other IBAs. Moreover, none of these sites regularly support significant populations of globally critical or endangered species, or more than 1% of the Asian biogeographic population of a congregatory waterbird species. Therefore, it was not necessary to select any of these sites as IBAs.
